Highfields receives grant from the Junior League of Lansing for Family Preservation Program

Lansing, MI – April 16, 2019 - Highfields recently received a \$500.00 grant from the Junior League of Lansing for Highfields' Family Preservation Program. The grant will help further Highfields' mission of providing opportunities to children, youth and families by providing resources for immediate needs while a family is in treatment with Highfields if no other resources are available.

By ensuring client families' immediate needs are met, it will allow families to remain intact while working in treatment to resolve concerns that could lead to placement of children outside the home.

"We are grateful for the support of Junior League of Lansing in providing essential needs for children and families during times of crisis," said Brian Philson, President and CEO of Highfields.

The Junior League of Lansing's Community Response Grants are provided to help support organizations in the Lansing area that offer programs focused on Essential Needs—programs that provide shelter, food and/or access to food or shelter.

Highfields is a nonprofit human services organization which provides home-based counseling, residential care for young men ages 11-17, and experiential education and support programs for children, youth, and families in 13 mid-Michigan counties. For more information, please visit www.highfields.org.
