Lansing Kiwanis Club awards \$7,500 for Highfields' Family Preservation Project

Lansing, Michigan – March 27, 2024 – Highfields Inc., a multi-purpose human services organization for children and families, was awarded a grant of \$7,500 from the Lansing Kiwanis Club Endowment Fund for their work with Family Preservation. With this support, the Family Preservation Project will assist families with immediate needs that threaten their stability while receiving treatment from Highfields' programs.

"We are thankful for the Lansing Kiwanis Club and their support of our work with families," said Brian Philson, Highfields' President and CEO.

The Family Preservation Project assists with important resources that may not be readily available, such as diapers, transportation, supplies for children with special needs and similar items and services. The project also helps with the payment of past-due utility bills and security deposits that have become overwhelming for families struggling to make ends meet.

Highfields is a nonprofit human services organization which provides home-based counseling, residential care for young men ages 11-17, and experiential education and support programs for children, youth, and families in 11 mid-Michigan counties. For more information, please visit www.highfields.org.
